## LOW BOARD PRESIDENT

If we've learned anything from 2020 I hope that we have learned to more fully trust the Lord. It is becoming increasingly obvious to me that the government will not save us. Doctors can't save us every time. Our military cannot save us from every enemy, especially when that enemy is from within. As disunity and discord continues to divide our nation, it is time to come back to the Lord.

The Lord has blessed us with two buses, one in Montgomery and one in Birmingham. We believe our Birmingham bus will quickly be overwhelmed as they need in Birmingham is great. It is a vision of our board that we have a third unit perhaps initially operating in Birmingham and then moving into Tuscaloosa. We hope to also have a fourth mobile unit in Huntsville where they do later term abortions.

Our hope is that no woman will have an abortion in Alabama before having the opportunity to see her baby on one of our mobile units. If they do, the majority of women will cancel their abortion and decide to parent! Now that's a weapon.

The battle for life must be continually fought at every front but I believe the victory will be won at the front line. Life On Wheels will charge that front line with mercy and love. We will be there when the woman who is in crisis thinks that she has no other alternative. We will be there with the love of Jesus. We will be there in the power of His spirit. Thank you for all you've done to make this possible! Please continue to join us in 2021 as we charge the front line! *Matt Phillips, MD*

***Trust the Lord 3 Put not your trust in princes, in a son of man, in whom there is no salvation. 4 When his breath departs, he returns to the earth; on that very day his plans perish. 5 Blessed is he whose help is the God of Jacob, whose hope is in the LORD his God, - Psalm 146:3-5***

---

We envision an abortion-free Alabama  
because nobody wants one.
